"Ass't Sup't.

The ladies from town have gone to Sulpher Springs to spend a few days.

The advertisement of Mr. Ward, for money. He quotes the "Truth on Delightful a.d." as a jest. Men don't pay room in a paper, that they may poke fun at visitors through it. And speaking of it, did you ever think how bad it is for a man to pay for credit, and then compel the printer to due it out? It is imposing both an expense and a disagreeable task on him.

Mr. A. Fleming proposes to raise \$2,000, on the 6th of Sept' next, \$2,000, of Real Estate, and personal property. One thousand tickets at \$3 each will be issued. The Managers entrusted the management of the scheme to best citizens. Every thing will be for tickets or further information, see him at Jacksonville, Ala., Ad't appear next week.

Attention is invited to the school of B. I. Harrison. Mr. Harrison is one of the most accomplished men we have ever had in Jacksonville. Parents from below can do no better than send their children here, as they will reap all the benefits of a climate and the instruction of such men as Mr. H. and assistants.

Mr. Larders will commence a School in this place on Monday next. His terms we learn are very moderate, but these with other parties will be given in our next paper by the College is rapidly going forward, we money will be needed soon. Pay your subscription. See adv't of the Board.

The attention of all persons interested in the sole and shipment of cotton, invited to the advertisement of that well established, reliable and well known of Williams & Waitham, Cotton Factors, Selma, Ala. They are prepared to advance Cash, Bagging Ropes and Tickets.

In pointing out what we deemed a mistake in the call of the Chairman of the District Ex. Committee for Convention, we made a mistake. The chairman was right. We got hold of a wrong almanac and consequently it is in treat.

The annual Summer fairs so happily augmented with the opening of Spring, will continue. Wednesday one gentleman was bled profusely and a decided faint young man was carried off to a doctor by about five able bodied men.

In those doubtful days of many rumors, we pity from the bottom of our heart the poor, the poor, creatures who do not take the Reliable Republican.

We regret to record the death of Mrs. Miller, wife of John A. Findley, Esq. of this County. She was a most estimable lady.

"Dan" of lookout is again crowded at this week. We regret it, as the letter of interest. Some of our Editorial matter also goes over to next week, but not too late to extract from "Dan" in our next.

Mr. H. P. Whiteside has shown us some broom corn, lacking 1/4 of three feet in length. Broom Corn does remarkably well in this section and is a growing crop. We hope to see it more extensively cultivated next year.

A DUN.—As soon as you read this we want you to make up your mind and especially make the arrangement to pay off your indebtedness to the Republican Office. This is no general demand. It is for you, if you are owing for advertising and subscription and we want you to come up and settle. How can you expect us to carry on an expensive business in which all the supplies are bought for cash, and indulge you for a term of years with credit. Is it reasonable to expect it? Some of you have been taking the Republican, for one, *THEIR* *FOUR, FIVE, SIX* years, without ever a hint of pay. Do you expect us to wait and collect it from you Administrator or Executor. Come, the paper is cash, and now is the time to settle a little and be cured.

As a holiday gift, this microscope is unique, ornamental, instructive, amusing and cheap, and never loses its interest. Agents and dealers supplied on liberal terms. A sample will be mailed, post paid, to any address for \$2.75, by Dr. Ross, 313 Locust, St. Louis, Mo. June 25, 1870.

A WONDERRFUL MICROSCOPE

Rev. Daniel Wise, M.D., edited of the New York Standard, says, "This speaks of the celebrated Craig Microscope."

Its simplicity, cheapness and great magnifying power struck me with surprise. Then I was examining a fly's eye by its aid, and was struck with wonder at still greater magnifying power, and the sharpness of its vision. When I saw a statement in an advertisement that the Craig Microscope cost only \$3.75, after repeated failures to discover the worm with an imported microscope, costing \$35, of feather power, and test reliable. The Dr. Ross' Microscope ready to draw at any time.

Microscope in neat box with full direction is mailed anywhere for \$2.75, by Dr. Ross, 313 Locust, St. Louis, Mo.

Read the advertisement in this paper.

The Trichina Spiralis or Pork Worm

Perhaps it is not generally known that the much talked of *trichina spiralis*, or pork worm, was first discovered in America by Dr. W. K. Keen, of Philadelphia, Pa., in 1863. This American insect is known as the Craig Microscope, costing only \$3.75, after repeated failures to discover the worm with an imported microscope, costing \$35, of feather power, and test reliable. The Dr. Ross' Microscope ready to draw at any time.

WELCOME.—We take much pleasure in calling the attention of our readers to the advertisement of English Female Bitters, in another column.

This compound is regarded as the Great Panacea of the age, and is highly recommended by the Medical Profession, and all who have tested it.

Our female community are troubled with many complaints peculiar to their sex, and now is the time to settle a little and be cured.

Come, the paper is cash, and

now is the time to settle a little and be cured.

THE "NORTH CAROLINIAN" FOR AUGUST.—The present number of this paper, which is well known, contains two enlarged articles, either one of which is worth the whole year's subscription. The first to which we allude, is a sketch of the life of the late William Gilmore Simms, one of its earliest and ablest contributors, accompanied by the tribute of that great Southern author that has yet been given to the public. Mr. Simms was a practical planter and devoted to country life, and it is singularly appropriate that this tribute to his life should appear in *THE REAL CAROLINIAN*, whose pages in the last of his life he had adorned and enriched with the ripest fruits of his varied genius.

The second article alluded to is that on the cotton entomology, being an exhaustive treatise on that subject from the pen of Dr. Phares, of Woodville, Miss. The thorough practical as well as scientific knowledge of his subject evinced by the writer, entitle his opinions to the highest credit. The author, in his exposition of the proper way of dealing with these insects, invaluable to every cultivator of the great Southern staple. The article is accompanied by several wood cuts; and also by a colored illustration of the caterpillars at work upon the plant in their various stages of existence. This illustration is executed in the highest style of chromatic art, and enables the reader to observe the insects at a glance, and thus more easily comprehend the ideas advanced by the writer.

Besides these principal articles, there are the usual number of valuable contributions in regard to all the various branches of agriculture and horticulture, well prepared digests of reports of the crops from all parts of the State, and various editorial selections of all the agricultural news of the day.

The negroes are dying out with unprecedented rapidity in and around Jacksonville. So it is everywhere. Disease and death will solve the social and political problem in a few years.

Dear Republican.—While we read and think of the present members of the Legislatures of Georgia and Alabama, holding over for a longer time than is usual, or than is thought to be right, we have a small question of a kindred nature nearer home, that need not be overlooked. When did we have an election in our town for Intendents and Commissioners? When will we have another?

In this paper, please inform us if it is not Ordinance of the Town Corporation, requiring any publication of the collection and appropriation of monies by the Town Authorities? and how and where such publication is to be made?

Very respectfully,

TAX PAYERS.

Be sure to read the advertisement "Greatest Work of the age," in this paper.

Good wholesome Vinegar. Any one can make it. See advertisement of W. H. Bishop in this paper.

Fresh Eggs and Yellow Butter can always be had. Read the advertisement "Greatest Work of the age," in this paper.

TEMPELTONS on the Leaves.—The Hungry Balsam is the only remedy which can be used to dissolve, remove, and take out the worm. It is impossible to eat this, but when it is externally applied, we have the most abundant and conclusive evidence to sustain the assertion that it is the direct and immediate effect.

No candidate for the Legislature was put out by the Radical convention on the 6th inst. They will defer that unnecessary piece of work until after the Selma convention. Dr. Burk and Isaac Frank are the Delegates who represent the county in the State Convention at Selma.

Mr. Nathan Clark, has laid upon our table a tomato weighing one pound, and Mr. Geo. Pinson has presented a lot of the finest Irish Potatoes of the season. Each of these gentlemen take pride in the products of their farms, and the spirit is commendable. If we had more of it in the county, there would soon be a marked change in many farms we know of what are still conducted on the ante bellum system.

Attention Firemen.

The members of the Jacksonville fire Company, are requested to attend the regular monthly meeting, at the Court House, on Monday evening the 15th inst. Business of importance will be transacted. By order of the firemen.

ARMSTRONG CATOR & CO.—The advertisement of this firm again appears, as will be seen by reference to our columns. They are regular advertisers in the Republican and well known by the trade throughout this section of country. All who have yet had dealings with them express themselves pleased. Their stock is the finest in the United States, and they offer inducements that cannot be rivaled in New York. We ask for Armstrong Cator & Co., the Military trade of this section of Alabama.

Judge Brooks of the United States District Court, has ordered all the Kirk-Holmes prisoners brought before him on account of habeas corpus. It remains to be seen whether his demand will be complied with, or whether Holmen and Kirk will institute insurrection or rebellion against the constituted authorities of the best Government, &c.

Attention is invited to the School notice of G. W. Landers, in this issue. He has opened a school in the Barrow Academy, and will no doubt meet with that success his merit as a teacher entitles him.

JACKSONVILLE, AUG. 12, 1870. Mr. LOCAL.—For ten days or two weeks past, there has existed a great misfortune in the shape of a crowd of negro boys and *creoles* men—(principally the latter,) who come daily, in the back street between the Episcopal Church and Office Row block, to play marbles.

This crowd can be found at almost any hour during the day laughing, and talking, in a loud and boisterous manner, much to the annoyance and disturbance of a portion of the community. It will not our vigilant and efficient Marshal astate this nuisance and let us have PEACE.

A. Oberg, the gentlemanly News-leader of Rome, Ga., has laid us under obligations for a lot of choice magazines, and literary papers. It is easy to order from him from this place.

Our friend J. M. Renfro, had the misfortune to lose \$165 at very near Cross Plains recently. The money dropped from his vest pocket. There was a \$100, and a \$5 bill, currency. The finder will be paid a liberal reward. If found leave at Simons Drug store, Cross Plains Ala.

The advertisement of the Grand Raffle of Mr. Jno. A. Fleming appears in this issue. The thing is already an assured success, over half of the tickets having already been disposed of. Read the advertisement, and go buy a ticket and draw that charming farm, or town residence.

We have been shown a specimen of Marble taken from the Mathews hill about one mile from town which Geologists pronounce as fine as any found in this country. The quarry ought to be developed. It will be a fortune, if properly handled. The specimen shown us was beautifully variegated.

Cause of Lincoln's Death.

The New York Democrat contains in its issue of the 26th of July, a history written by Brick Pomeroy himself, purporting to be the real facts, in relation to the death of Abraham Lincoln. The story is as interesting as a novel and carries with it every appearance of truth. Indeed other well known historical facts are alluded to substantiate the story, and other occurrences that have been purposely kept secret are brought to light, if untrue can be easily disproven, but which admitted, verifies the strange story beyond peradventure.

It is a well known fact that John Y. Beal, a Confederate officer was tried by Court Martial, during the war, for alleged violations of international law, and hanged. Pomeroy says that Wilkes Booth was the bosom friend of Beal, and when he heard of the sentence passed upon the latter, he repaired to Washington, enlisted, the assistance of Senator John P. Hale, whose daughter he was engaged to, W. G. McLean and John W. Forney and petitioned Mr. Lincoln for the pardon of his friend. The others joined him in urging the President to grant the pardon. Booth plead with all the eloquence of which his impulsive and impassioned nature was capable.—Lincoln was moved to tears and solemnly promised Booth that Beal should be pardoned. Booth kissed his hands and promised eternal friendship, manifesting great joy at his success. He went away and Lincoln communicated to Seward the nature of his interview with Booth and what he had done. Seward opposed the pardon, saying that it would be the death of the Republican party.—Lincoln remitted that he had promised, Seward persisted, and the pardon was never issued. Beal was hung, and when Booth received the news he stretched his hand aloft and swore by the eternal God that the death of Beal should be avenged. The rest is known. How well he kept that pledge history has already recorded. The attempt on Seward's life was for the same cause. This story is to compose a part of a book being prepared by its author entitled Pomeroy's America.

AN exchange says a Pennsylvania merchant agreed to take a farmer's oats at forty cents a bushel if the latter would let him tramp the measure when filled. The farmer agreed to it. The buyer paid for sixty bushels and next day went after them. The farmer filled the bushel, and the merchant got in and tramped them down whereupon the farmer poured the oats so compressed into the bag. The merchant protested, and demanded that the measure should be filled up after tramping. The farmer informed him that there was no agreement of that, but that he might tramp down the oats to his heart's content after they were measured.

Jacksonville Republican.

JACKSONVILLE, ALA,

Saturday, August 27, 1870.

FOR CONGRESS.

HON. P. M. DOX,
OF MADISON.

FOR REPRESENTATIVE,
CAPT. JAMES CROOK.

Attorney General.

While we hold that a nominating convention should meet untrammelled by outside pressure in the shape of importunate demands of friends in behalf of favorites; we feel that a suggestion of the names of suitable men for various positions to be filled, made in a winning spirit to abide the result favorable or otherwise, is not out of place. In such a spirit we present the name of Maj. Jas. A. Reeves, of Cherokee, for the position of Attorney General.

He is a young lawyer of brilliant parts and promise, as shown in his able constitutional arguments before the late Legislature in his noble yet vain defense of the rights of the people of Alabama. He is particularly well known and esteemed among the people of this (5th) District, from which he would most assuredly have gone to Congress, had the question of his eligibility been determined satisfactorily to the Convention at Gadsden. To prevent discord in the Democratic ranks of his own county, he voluntarily declined a re-nomination to the Legislature in favor of one whose friends were importunate. He has proven that his patriotism is unshaken. His fitness for the position of Attorney General is unquestionable. Will the Convention consider his claims?

NORTH CAROLINA ELECTION.—The result of the North Carolina election has produced a profound impression throughout the country. On the Radical party it has had a demoralizing and depressing effect, on account of the failure of their trump card, of martial law, illegal arrests, imprisonments and tortures, by Holden and Kirk and their minions. On the Democratic and Conservative party, it has had an encouraging and inspiring influence. It is very naturally concluded that if victory can be obtained by the Democracy of North Carolina under such discouraging circumstances, there is nothing to prevent it anywhere else.

It is eminently proper and right, and a good one, that the old North State, which issued the first Declaration of Independence, and of whose citizens it was said in revolutionary times, that they commenced fighting 2 years before war was declared, and continued 2 years after peace was made, should have the honor of being the pioneer in rescuing the country from ruinous and tyrannical Radical rule. In the civil courts too, the tables are completely turned. Nearly all the prisoners arrested by Holden and Kirk have been released, and writs issued against themselves. Kirk's lieutenant, at last accounts was a prisoner in the common jail.

District Convention.

Held in Gadsden August 17th 1870.

Convention called to order by A. L. Woodfin Chairman. District Executive Committee. Col. J. S. Stoffell, of Madison, was elected temporary chairman, and J. H. Francis, Esq., of Etowah, temporary Secretary.

On motion the delegates from the different counties came forward and registered their names.

Calhoun—E. T. Read, G. C. Ellis, G. T. Turnley, L. W. Grant, and J. N. Landers, Cherokee—S. K. McSpadden, T. B. Cooper, J. F. Stock, J. B. Alexander, G. W. Freeman, T. J. Williamson, A. M. Patterson and T. W. Freeman.

Cleburne—P. A. Brandon, A. J. Vann, W. S. Smith, L. C. Johnson, W. E. Brown, A. L. Woodfin, T. J. Wofford, J. A. Scales, B. W. Horton and H. L. Martin.

Jackson—D. Martin, T. D. Osborne, J. W. Parks, A. Snodgrass, Madison—W. M. Lowe, J. Dill, S. D. Cudine, J. W. Day, S. W. Fordyce, Chas. Martin, S. H. Moore, Marshall—J. L. Shefield, R. R. Boyd, T. C. Barkley.

St. Clair—B. H. Nicholson, S. A. Wofford.

On motion, a committee on credentials was appointed and the names of the gentlemen reported to the temporary secretary as delegates from the various counties, were recognized as properly authorized delegates from their respective counties.

On motion a committee on permanent organization was appointed. This committee after consultation recommended the following gentlemen as permanent officers of the convention:

President: S. D. Calhoun, of Madison. Vice-President, T. R. Cudine, of Cherokee. Secretaries, T. D. Osborne, of Jackson, J. W. Day, of Calhoun, and J. H. Francis, of Etowah.

A committee was appointed to notify the President of his election and conduct him to the chair.

Hon. S. K. McSpadden, of Cherokee, in a few happy and well timed remarks introduced Mr. Calhoun to the convention.

The President responded in an able speech and at its conclusion announced the convention ready for business.

Woodfin of Madison moved to adopt the appointment adopted by the last Congress in this considerable discussion ensued. McSpadden, a Cooper of Cherokee, in opposition to the motion; Woodfin of Etowah, Bill of Madison, Boyd of Marshall and Ellis of Calhoun, in favor of it. The motion was finally carried.

The Convention then adjourned to meet at 3 o'clock, P. M.

On reassembling it was announced that nominations were in order.

Boyd, Marshall offered the following which was adopted:

Resolved, That all candidates whose names are presented for nomination before this convention pledge themselves, or if not present, their friends pledge for them, to support the nomine of the convention.

D. Martin, of Jackson, then put in nomination Hon. P. M. Dox, of Madison, and pledged him to support the nomine of the convention. Hon. S. K. McSpadden of Cherokee, then put in nomination the name of Col. Chas. Ratray, of Cherokee, and in an able speech gave his reasons for making the nomination, closing by pledging him to

support the nomine of the convention. The convention then proceeded to ballot with the following result:

First Ballot.	DOX	6 9 2
Second Ballot	RATRAY	3 3 3 1 3
Third Ballot.	DOX	6 9 2
Fourth Ballot	RATRAY	3 3 3 1 3
Fifth Ballot.	DOX	6 9 2
Sixth Ballot.	RATRAY	3 3 3 1 3
7th Ballot.	DOX	6 9 3

Dox having received on the 6th ballot a two-third majority, was declared the nominee of the convention. The nomination was then made unanimous. One motion to nominate from each county was submitted to inform Judge Dox of his nomination. A District Executive Committee of one from each county was then elected by the convention, consisting of the following named gentlemen:

J. A. Reeves, of Cherokee, E. T. Read of Calhoun, E. W. Sheard of Cleburne, J. L. Cunningham, of Etowah, C. L. Wm. Low, of Madison, L. F. Fox, of Etowah.

E. T. Reid, of Calhoun introduced the following which was adopted:

Resolved, That the rates that shall be cast at the next election for Congressman shall be the basis of representation of the several counties in the next Congressional Convention for this district at the rate of one delegate for each three hundred and fifty votes, or fractional part thereof.

That the Executive Committee be charged with the duty of determining the number of delegates each county may be entitled to on this basis and give notice thereof in the call for the convention.

The following resolutions were introduced by Mr. Ellis of Calhoun:

Resolved, That the thanks of this Convention are hereby tendered to the officers of the Convention for the prompt and impartial manner in which they discharged the duties imposed upon them.

That the democratic papers throughout the district be requested to publish the proceedings of this convention.

HON. P. M. DOX.

The *Advertiser*, by a special dispatch from Gadsden, has already informed the public of the re-nomination of this able gentleman to represent the 5th District in Congress. He has been a true representative, and we are gratified to know that the State will again receive his services—for a nomination is equivalent to election. We fully endorse the Huntsville Democrat when it says:

Judge Dox has made us a faithful representative, and his speech in defense of the people of Alabama against the lying charges of disloyalty and lawlessness, made by Senator Spencer and other base slanders, was one of the ablest most complete and effective, that has been delivered in Congress since the war. He was born in the North, but has never evinced any prejudice toward the South. He was a Union man during the war, but never used his Unionism to injure and oppress, but to protect and benefit the Southern people.

A Remarkable Shirt.
Editors have a first-rate time in Texas. The ladies of a town out there have given to the editor of the paper an embroidered shirt which contains a pictorial history of Texas including the war with Mexico, and the meeting of the first Legislature, and also pictures of the fruits and cereals of the State; all worked in red worsted. The editor never wore a shirt in his life, and he thought it was a banner for the Temperance procession which was to come off the next week. So he made a little speech of thanks, in which he said he would fling it out forever to the breezes of heaven, that they might kiss its folds, and that until his hands puls'd it should never be trifled in the dust—never. The ladies didn't understand him; and when he talked about its trailing, they blushed and said they were sorry they made it too long. But a committee man took the editor aside and explained the shirt to him in a whisper, and the next day he appeared at the office with that shirt mounted over his coat and wrote four columns of explanation for his paper. The shirt is much admired by boys of the town, and they follow him in regiments studying the history of Texas and the arts on the back of it.

EQUALITY.—An old Scotch minister on being asked to preach a sermon in favor of equality at a time of great excitement on that subject, said as follows:

"You asked me to preach a sermon on equality. Since that time I have ranged in vision through the vegetable world. I saw flowers of unequal lustre and perfume, trees of unequal height and value, grasses and weeds of different kinds, but there was no equality there.

I passed to the animal kingdom and saw the trained horse and fierce beasts of prey, the hawks and the hawk, the sparrow and the eagle, the sheep and the horse, each occupying a relative sphere. In the sea was the mollusk and the whale, the dolphin and the shark, the timid and the fierce, each properly organized and doing its labor, but I saw no equality.

Lastly I entered the gate of heaven, and on a great white throne sat the Judge of the Universe, cherubim and seraphim fell before him angels of lesser degree did His bidding. I found seven heavens rising above each other, but no equality there. I gazed on the stars but found "one star different from another star in glory," but there was no equality. So, you see that there is no equality in all God's vast kingdom.

Supply of Help and Settlers.
THE AMERICAN EMIGRATION AGENCY, NEW BROAD STREET, LONDON, ENGLAND.

Established for the purpose of supplying gratuately, correct information of the advantages offered to Emigrants by the States and Territories of the *Free* *United* *States*, particularly:

Kansas, Nebraska, Colorado, Missouri, Iowa, Illinois, Michigan, Indiana, Kentucky, Tennessee, California, Oregon, Nevada, and the States and Territories on the Pacific and down to the Gulf of Mexico.

The Agency advertises in several hundred English newspapers, bringing them into communication with millions of readers, and are prepared to

SEND TO THE UNITED STATES **MECHANICS, ARTIZANS, LABORERS,** in every branch of industry, and as the facilities of the Agency enable the selection of

STRICTLY FIRST-CLASS MEN, both in a business view, and in a moral sense likewise, companies, firms, and individuals are fully upon having only such persons to their service.

All parties desiring Help or any kind sent direct to them, should at once inform this Agency exactly what they require, and the proper persons will be at once forwarded.

No charge whatever is made either to

employers or employed.

Small capitalists, farmers and others desiring to

PURCHASE LANDS, under the Homestead or Pre-emption Laws, are fully and particularly directed and advised by the Agency.

RAILROAD COMPANIES desiring men specially trained and accustomed to Railroad Service in its various branches, can engage our carmen, engineers, drivers, firemen, switchmen, station agents, telegraph operators, permanent way inspectors, plate layers in any number, and in capacity, the best.

Men That England Affects the highest character for ability, sobriety, and industry. The attention of Railroad Superintendents is specially called to this feature of the Agency's influence.

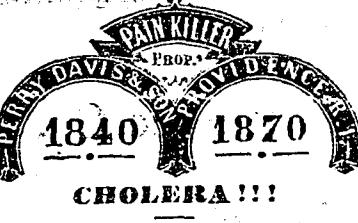

The Agency Invites Information on Lands, State, railroad, or private property, together with the terms on which it is for sale; maps and other matter of an explanatory nature; State county, and town officials are respectfully invited to forward all documents or information throwing light upon the merits, value, or of settlers in their respective localities.

All persons having control of the labor market, newspaper proprietors and others, are specially invited to become Correspondents of THE AMERICAN EMIGRATION AGENCY, which desires to have an agent representative in every thriving and prosperous place in the Union, with a view to directing the ready first-rate Emigration controlled by the Agency, to such parts as need it, and in such a degree as will not and not overtax the requirements of the particular place.

The Emigrant Handbook (having the largest circulation in Europe) published by THE AMERICAN EMIGRATION AGENCY, will have some approved advertisements inserted on application. The Agency's arrangements enable them to forward to Europe parts of the United States and Canada, by first-class Steamships and Railroads, so that no detention can arise.

Communications must be Post free, and may be directed to the **Commissioners of the American Emigration Office**, 11, NEW BOND STREET, LONDON, ENGLAND, or the Office, 9, NEW BOND STREET, LONDON, ENGLAND.
